## Our Safeguarding Children and Young People Statement

*We believe that all children and young people regardless of their background, circumstance and upbringing deserve to be safe and feel safe*

We walk alongside children and young people on their journey, supporting and empowering them to turn small steps into bold strides – to be empowered to make meaning change in their lives.

As part of this commitment, we:

- have a zero tolerance against all forms of child abuse, neglect and harm.
- will create, maintain, and ensure a safe environment across all our areas.
- will ensure our staff know what is expected of them and are trained to provide the best quality services.
- will amplify the voices of children and young people so they are heard and take action for what is right.
- will continuously endeavour to improve and commit to upholding these standards.

Together we all understand the important and specific role we play, individually and collectively, to ensure that the wellbeing and safety of children and young people is at the forefront of every decision we make.

We will walk with them – as we strive towards a better future for all children and young people.
